Spiritual –

The essence of all Sadhana "...When you chant the Divine Name with love at least once, you will experience inexplicable and overwhelming bliss in your heart. Divine Name melts even a stone-hearted person. Even ice takes some time to melt, but God's heart melts instantaneously when you chant His Name with love. Even while you are traveling, you can chant His Name silently without attracting others' attention. There is no greater sadhana than this. The essence of all sadhanas is contained in this. In the Kali Yuga, chanting of God's Name is the royal path to liberation..."- **Baba**

Educational –

Balvikas :- The Goal of the Balvikas movement is societal transformation. But where should this process begin? According to our Indian culture, it is said, mother is God, father is God. One's parents are the manifestations of Divinity in a visible form. Our parents have given us this body; have cared for us by giving us food and also given us the ideals with which we have to lead our lives. Hence we must consider showing our gratitude to them as our first and foremost duty. Our body, our blood and everything in this human body, all the aspects and all the capacities are given to us as a gift by our parents. If you are unable to give satisfaction to your parents who have given you this sacred body, how will you be able to do good to the country? How will you be able to transform the society? How will you be able to look after the security of your country? You can think for yourself. When we are not in a position to make our parents who live in the same house happy, how can we spread happiness across the country and the world? – **Baba**

Balvikas classes are conducted at our Bhajana Mandali every Sunday between 9.30am and 10.30am. Rural Balvikas at Smt. Kamala Sairam, Senior most member of our mandali., Thenmozhi nagar, Kilkattalai. (Near EB office)

Some of the major decisions, advised to be taken by the Parents are :- Regular health checkup, switching of TV, not giving electronic gadgets to children, Avoiding plastics, giving priority to children and parents should feel that they are role models. Insisted on Bhagwan's guidance Deiva Preethi, Papa Bheethi and Sanga Needhi and follow "5D"s of life., Awareness about good touch and bad touch for girl children was also explained.
